## Email Registration

Registering your ParentMail account can be done in minutes!

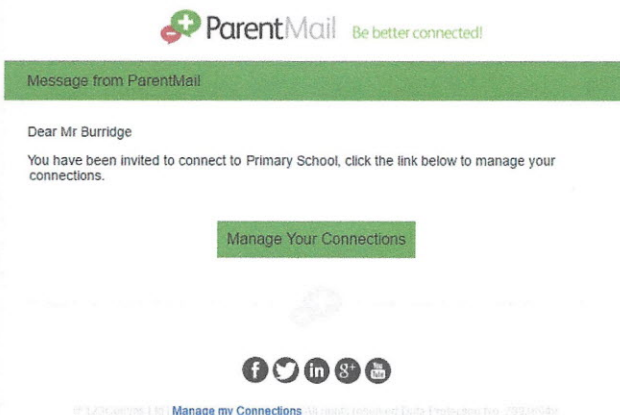

### Step 1 – Receiving the registration email

You should have received an email that looks like this:

If you have received this email click 'Register'.

If you have already registered with ParentMail, your email may look slightly different (see screenshot below)

If you haven't received either email, please contact the school and ask them to resend the registration. Please note, the email could also be hiding in your junk folder, so please log in directly to your inbox rather than using a supporting APP, so that you can check all possible folders.
