Registration FAQ's

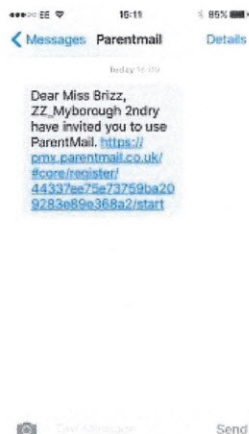

Email Registration

SMS Registration

Registering your ParentMail account on your phone can be done in minutes!

Step 1 – Receiving your registration text

Once your school have sent you a registration text, click on the link in the text to register your account.

You will be taken to a screen which will ask you to choose if you want to register for ParentMail OR if you already have a PMX account, to simply manage your connections and connect to your new school.

I don't have a ParentMail PMX account

It is likely that you will not have already registered for PMX – if that is the case, select the option "I don't have a ParentMail account".

(If you do have a PMX ParentMail account, select "I already have a ParentMail PMX account" and follow the steps to manage your connections and connect to your new school.)
