Dear Parents and Guardians

We are aware of reports over the last month about men in vans allegedly approaching children, so we are issuing the following information to settle local concerns.

The incidents are being investigated fully and the victims are safe and well. We do not believe there is reason for concern.

Our intelligence analysts have reviewed these reports and **we do not believe these incidents were linked.**

We would always support reminders of stranger danger with your children, and we would always advise remaining vigilant. If you do witness something suspicious, please use 999 immediately.

Kind regards

Sergeant Geoff Warren
