Dear Parents and Carers

RE: EXTRA LAYERS TO KEEP WARM

As part of our Covid19 measures, we have to ensure that classrooms are ventilated as much as possible. As the weather is now becoming much colder, it would be beneficial for the children to have additional jumpers or body warmers to wear in the classrooms.

We will also allow children to wear their coats if appropriate, although please do appreciate that this will minimise their impact on leaving the school building as the children will not necessarily feel the benefit of an additional layer.

Please be aware these additional layers do not need to follow school uniform guidelines but I would ask that they are appropriate for school. Please note, additional items are not to replace items of school uniform, but simply to add additional layers of warmth.

Yours faithfully

Mr M E Harris  
Headteacher
